

Welcome the light of a new day.  
 Welcome the chance  
 to express your individuality.  
 Welcome a few extra bucks in your pocket  
 after the heating bill is paid.

From the warm, golden hues created by the morning sun to the soft, dreamlike silhouettes cast by the evening moon, your Simonton Reflections® 5050 windows enhance every moment of the day. Boasting classic designs and thoughtful features, Simonton Reflections® 5050 windows accent your home as well as your personality. Their sturdy, durable construction increases structural strength while improving weather resistance. And, with our advanced thermal efficiencies built right into the window, you can save a bundle on your heating and cooling costs. Which should make you more comfortable all year long.

## Styles

Simonton Reflections® 5050 windows come in multiple designs, giving you the flexibility to express your unique taste and style. Available styles include Double Hung, 2-lite Slider, 3-lite Slider, Picture, Half Round, Extended Half Round and Extended Eyebrow.

## Designing windows that deliver both structural strength and thermal protection is our job. Doing it with style is our pleasure.

Integrating classic designs, structural integrity, and thermal barriers into our windows is truly a labor of love. Because every time you gaze out your window upon a snowy backyard or witness a driving rainstorm from the comfort of your home, you'll know you made the right choice.

### Attention to detail

Every inch of every Simonton Reflections® 5050 window is meticulously crafted with one thing in mind – you. Our classic, clean designs help you express your individual taste while maintaining their functionality.

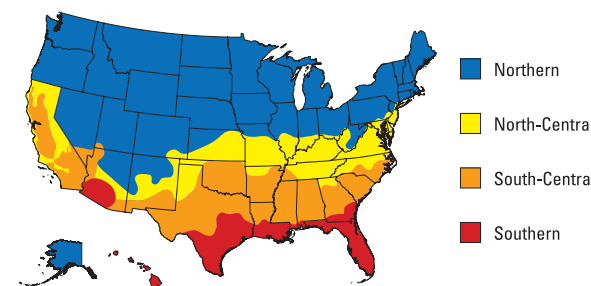

- :: Traditional, streamlined options in Double Hung, Picture, 2-lite Slider, 3-lite Slider and Geometric styles provide unique and timeless looks
- :: Premium extruded vinyl is virtually maintenance free
- :: Tilt-in/lift-out sash promotes easy cleaning (Double Hung only)
- :: Choice of Colonial, Diamond, Prairie, and Perimeter grilles give you the look you want

### Energy savings

As an ENERGY STAR® partner, Simonton® is committed to meeting the strict criteria of the U.S. Environmental Protection Agency to help conserve energy and reduce heating and cooling costs for all our customers. To ensure our windows and doors can be ordered to meet regionally specific ENERGY STAR criteria for where you live, Simonton has developed ENERGY STAR glass packages for each climate zone - Northern, North-Central, South-Central and Southern. These glass packages utilize insulating glass units with advanced Low-E technology, an Argon gas fill and durable, warm edge spacer systems that drastically reduce the transfer of heat and cold. Low-E glass also helps block a large portion of damaging ultraviolet rays, which can fade carpets, draperies and artwork.

### Strength that performs

Utilizing the most advanced technology in North America, each Simonton Reflections® 5050 window is manufactured under our own stringent quality-control systems and then independently tested to the highest industry standards. Constructed from the finest materials, you'll get more than replacement vinyl windows. You'll get peace of mind.

- :: Fusion-welded frame and sash construction provides rigidity for increased strength and weather resistance
- :: Denny Clip™ pivot system maintains perfect alignment of the sash
- :: Stainless steel coil spring balance system never needs adjusting
- :: Choose standard single-strength or optional double-strength glass in tempered, obscure, or tinted styles

### Thermal enhancements

You'll appreciate how the built-in thermal components work together in Simonton Reflections® 5050 products to help lower energy costs and provide year-round comfort for your home.

- :: Fin seal weatherstripping creates multiple barriers against air infiltration
- :: Lap-Lok® meeting rail overlaps and interlocks the top and bottom sash to create a tight and secure seal
- :: Standard ProSolar® Low-E glass works in conjunction with an Argon gas fill to reduce heat loss in the winter and maintain air-conditioned air during the summer
- :: The optional Supercept™ spacer system delivers thermal performance and structural integrity to help maximize the performance of your window

As you stand in front of your window, take solace in knowing we're standing behind it.

We know buying windows is a big investment. An investment you want protected. That's why we back all Simonton Reflections® windows and doors with a Double-Lifetime Limited Warranty covering vinyl, hardware, screens and insulating glass units. And, since all warranties are transferable, your windows add yet another great selling feature to any prospective home buyer.
